SKILLS

Core Web Development
• HTML5 & CSS – Semantic markup, custom layouts, responsive design
• JavaScript (ES6+) – DOM manipulation, event-driven programming
• CSS Frameworks – Flexbox, CSS Grid, Bootstrap

Frontend Frameworks & Libraries
• React
• Angular
• React Native
• Expo
• Gifted Chat

UI/UX Design
• User-centered design
• Seamless navigation
• Cross-browser compatibility
• Performance optimization

Tools & Integrations
• Firebase
• AsyncStorage
• Serverless Functions

Backend Development
• Python/Django – API development, backend logic, performance improvements

Creative and detail-oriented Frontend Developer with a strong eye for design and a love for building beautiful, user-friendly web and mobile interfaces. Passionate about turning ideas into responsive, accessible experiences that feel smooth and intuitive. Enjoys solving problems through code, learning new technologies, and continuously improving both design and functionality. Thrives in collaborative environments and brings a thoughtful, user-first mindset to every project.

EXPERIENCE

Web Developer | Chingu | March 2025 – May 2025

Partnered with global teams in Agile sprints to build full-stack web apps, focusing on responsive UI/UX using HTML, CSS, JavaScript, React, and Angular. Gained experience with REST APIs, component-based architecture, and mobile-first design. Contributed through code reviews, version control with Git, and peer feedback to continuously improve code quality and collaboration.

Full-Stack Web Developer | CareerFoundry | 2023-2025

Built responsive, user-focused web applications from concept to deployment, including a movie database, chat app, and portfolio site. Skilled in HTML, CSS/SCSS, JavaScript, React, Angular, Node.js, Express, and MongoDB. Experienced in RESTful APIs, responsive design, Git/GitHub, Postman, Figma, and deploying with GitHub Pages, Netlify, and Heroku. Familiar with Agile workflows and tools like Trello and Notion.

EDUCATION

CareerFoundry | 2023-2025
Full-stack Web Development Certificate
